

API SPEC Q1 IMPORTANT UPDATE

- **THE NEW API Q1 - 10th EDITION HAS NOW BEEN PUBLISHED. THE NEW STANDARD INCLUDES NUMEROUS CHANGES THROUGHOUT THE DOCUMENT INCLUDING A BROADER SCOPE OF APPLICATION & THE ADOPTION OF MOST ISO 9001:2015 REQUIREMENTS.**
- **THESE REQUIREMENTS WILL BE A MANDATORY PART OF ALL API MONOGRAM PROGRAM LICENCING & API Q1 QMS REGISTRATIONS BY SEPTEMBER 30 / 2024. ALL ORGANIZATIONS WILL BE REQUIRED TO IMPLEMENT THESE REQUIREMENTS BY THE SEPTEMBER 30 / 2024 EFFECTIVE DATE.**

The Instructor - Darryl J. Logan, C.E.T., P.A.

Mr. Logan worked extensively over the last 5 years on the 10th Edition of API Q1 as a voting member on the API Sub-Committee 18 (SC18 – TG2). He is uniquely qualified to offer course participants invaluable insight not only on the new requirements, but the intent of the API Q1 committee in making these changes.

Mr. Logan is also an IRCA Certified QMS 2008/2015 Principal / Lead Auditor and a former API Monogram Program / QMS Lead Auditor for over 9 years. He previously qualified with API on over forty API Product Specs and has more than 25 years of Quality System Management, Consulting and Auditing experience including oil and gas equipment and OCTG manufacturing, product testing, regulatory consulting and electro technical consulting.

The Course:

This one-day transition course provides you with the new information, concepts & technical requirements now contained in and, a mandatory part of API Spec Q1 - 10th Edition. This course will focus on providing the participants with an explanation of the new requirements, interpretations and practical examples of the requirements as they apply in the oil & gas industry.

This API Spec Q1 – 10th Edition transition training is intended for those in the industry that have already taken API Spec Q1 (9th Edition) training OR have in depth knowledge / experience with the existing API Q1 (9th Edition). For those just getting familiar with API Q1 or feel they require a full refresher on the standard we strongly recommend our full 3 day API Q1 - 10th Edition training course.

Course material and lunch will be provided included in the course fees.

Attendance is limited to 20 participants maximum to ensure effective interaction between the participants and the instructor.

Who Should Attend:

- Manufacturers and Service Providers in the Oil and Gas Industry
- Companies *Currently* API Monogram Licenced / QMS Registered
- Companies *Applying* For API Monogram Licencing / QMS Registration
- Quality System Auditors and Consultants in the Oil and Gas Industry
- End Users Specifying API Quality and Product Spec Requirements
